

**COMPLEMENTARY STUDY ON THE COCCINELLIDAE
FAUNA IN WESTERN AZARBAIDJAN¹**

R. PARVIZI, M. MOSTAAN², H. BORROOMAND and H. MIRZAYANS³

SUMMARY

Based on the studies from 1973 - 1983, 19 species of Coccinellidae , belonging to 14 genera, have been collected and determined (for further details, refer to the Farsi text in which the names of the species have been given).
